THE BRASS PULLS K.P. — Officers and top non-coms of Company G, 424th Infantry give the cooks a break by taking over for a day, July 4, 1945, in Dietersheim, Germany. We understand they used so much food that the Company was on short rations for the week following. The K.P. roster for the day wound up with the admonition "any man who stays sober all day will have to pull KP again Sunday." Kneeling, Lt. Morgan, S/Sgt. Harmon, T/Sgt. Lingerfelt, S/Sgt. Wyatt, T/Sgt. Litchfield; Standing, Sgt. Blevins, T/Sgt. Russell, T/Sgt. Bass, Capt. Maynard, an unidentified M/Sgt., S/Sgts. Lewis, Odom and Jackson. Photo by Bob Howell.

President's Column

JOHN M. GILLESPIE

Your Editor is pinch-hitting for President Gillespie this month. Jack was taking a wellearned vacation in the sunny south as this issue went to press.

We know if he were writing this, he'd stress two things:

- 1. Be at the Detroit convention!
- 2. If you are one of the many former subscribers who gets this issue, now's the time to reinstate your membership and CUB subscription by sending three dollars to Robert E. Rutt, Adjutant, 14447 Young Ave., Detroit 5, Mich.

NEW NATIONAL OFFICERS

In July at the convention, one of our problems will be to choose national officers for 1950-51. A nominating committee will be appointed by President Gillespie and announced in the next CUB. So, if you have any candidates in mind for the Board of Directors, watch for the notice of the nominating committee's address.

According to our by-laws, the Board of Directors elect, from among their number, a president, vice-president, adjutant, treasurer and such other officers as they deem necessary.

The business meeting will be an important part of the convention, and ideas or motions may be introduced by mail. If you have a criticism or suggestion that you'd like to have discussed at the convention, mail it to R. E. Rutt, Adjutant.

CHANGE OF ADDRESS

Until further notice, National Headquarters of the Association will be:

Robert E. Rutt, Adjutant 14447 Young Ave. Detroit 5, Mich.

The address of the CUB editorial offices remains at 237 So. Manning Blvd., Albany 3, N. Y.

MICHIGAN MONEY

Our Michigan Wolverine Chapter conducted a successful raffle this spring, winding up with a net profit of about \$525.00 for use in convention entertainment for all who attend our Detroit reunion. They sold about 3,300 25c raffle tickets on a television set. We understand that Mr. and Mrs. Bob Kelly sold over 400 tickets, and David Woodson sold another 200. Many chapter members participated in the sale.

Maybe other chapters might try this method of raising funds. But before doing so, make sure

that raffles are legal in your state!

The CUB, official publication of The 106th Infantry Division Association, Inc., is published bi-monthly from editorial offices at 237 So. Manning Blvd., Albany 3, N. Y. Subscription rate \$3 per year, including membership in the Association. The Editors invite all readers to submit manuscripts and photographs for consideration for publication. All material is copyrighted, and may not be reproduced without permission from the Editors.

TIGERS IN TOWN

The Detroit Tigers of the American League will be in their home Briggs Stadium during convention week. 106th baseball fans may be able to see a game or two if they hanker after major league ball. We understand that Connie Mack's Philadelphia Athletics will provide the opposition.

A COPY OF THE 1950 CONVENTION PROGRAM IS ENCLOSED

If you plan to attend, please fill in and return the enclosed postcard immediately.

DICK ELLINGTON

Richard Ellington's latest popular mystery novel, Stone Cold Dead, was published in April by Wm. Morrow & Co. Formerly with the 423d's Service Company and with the I & E Section of DHQ, Ellington served as editor of the CUB and its combat successor, TODAYS NEWS TODAY.

Stone Cold Dead is the third swift-moving suspense-full detective story by this rising author. (Others: Shoot The Works, It's A Crime.) It unfolds the tale of detective Steven Drake's impersonation of a member of a dope-smuggling gang and of the perils and temptations, female and otherwise, that block his efforts to round up the gang. Ellington's style of writing is effective, and the action, which takes place in the Virgin Islands, is well-described—the author has spent many months in the West Indies. We think that all veterans of the 106th who like good mystery novels will find Stone Cold Dead well worth the reading. Its ending, dynamic but thoroughly logical, will surprise you unless you're a superexpert unscrambler of "whodunnits."

Dick Ellington has a varied background in the theater, radio, and writing. Among his stage appearances was a role in Cyrano with Walter Hampden and a year's engagement on Broadway in Dead End. He came to the 106th on activation, and his civilian background made him a natural for Special Services. With the 423d, he edited the weekly regimental newspaper THE LIONS CUB and was active in organizing many forms of entertainment. At about the time of Tennessee maneuvers, he went to DHQ to edit a newspaper-the original CUB-along with Bob MacMillan, Harvey Perloff and John White. All during the combat period of the 106th, he worked with Bill Donovan in editing and mimeographing the daily news and feature sheet. Just before VE Day he was recalled to London to broadcast for the American Broadcasting System's European programs.

The present editorial staff of the CUB wishes every success to Dick's developing career as a fiction writer.

QUESTION — Where can I spend my 1950 summer vacation, and get food and entertainment costing more than \$25 for only \$15?

ANSWER — At our convention, July 26-30, Detroit — where the Michigan Chapter is raising a large sum to put toward the convention entertainment fund!

RICHARD ELLINGTON, 117 West 11th St., New York 11, N. Y.

Chicago Chapter

A box lunch party, sponsored by the Chicago Chapter Auxiliary, was scheduled for 8 p.m. on Saturday, May 6, at the Rocket Club. We can't bring a detailed report of this event until next issue because we go to press before May 6, but the program calls for dancing, games with prizes for the winners, and other activities. The price of admission is a bea of lunch for two people, and we understand that the lunches are to be auctioned off.

The chapter is busy with plans for sending a large delegation to the Detroit Convention. And, under the editorship of Arvo Paananen and Frank Anderson, the Chicago Chapter News continues to be published periodically—it's a good little paper, and as far as we know, it and the Company F Guidon are the only two chapter publications in the Association.

Detroit Doesn't Do It the Way Chicago Does

Last year, the Association convened in Chicago. And this year, everybody knows the convention'll be in Detroit on July 26 to 30. There's one big difference between the two cities, called to our attention in a United Press dispatch of January 11, 1950. We quote the item complete:

"It cost Joseph Bickman of Chicago \$50 to learn how to hail a taxicab. Bickman, 21, was arrested when he pulled a fire alarm box (in Detroit). He told Judge George Murphy that he expected a taxicab to answer his call. 'Instead,' Bickman said, 'a fire engine came and later a patrol wagon. In Chicago they have little boxes on street corners to summon cabs and that's what I thought I was doing."

If you're going to get a new car this year, you might help pay for your vacation by buying it while at the convention in Detroit. You'll save the freight charges you'd pay at your local sales room.

CENTRAL ILLINOIS reports its 1950 December 16 memorial reunion attracted 24 persons to the Mill Tavern in Springfield. They are the only chapter which has reported that every man who attended is a paid-up national association member. Present, but not in the order shown in the picture, were Warren Suckow, Robert Glatz, Charles Fulk, Fred Burnham, Charles Barton, Everet Miller, Harold Pankey, Charles Pritchett, Robert Fryhoff, Bob Boland, John Burns, Dr. John Ketterer, and Russ Kelly.

AT CHOW, somewhere in Belgium, are—left to right—Don McRae, an unidentified medic, A. B. Waters, Francis Anderson, Bud Hays, Harold Harris, Calhoun, and Karl Toney, all of 106th Signal Company. This photo was submitted by Jack Burns, who is selling Dodges and lives at 228 No. Westlawn St., Decatur, Ill.

ROBERT R. CARPEN-TER, Box 1112 Stateville, Joliet, Ill. (422/E, purple heart, combat medic badge, and a POW at Stalag IV-B) is now a guard officer at the state prison.

AUXILIARY COLUMN

We have had news of the formation of a new Auxiliary Chapter in Southern California. Congratulations! The President is Mrs. Marshall Lipkin of Los Angeles and the Secretary-Treasuror is Mrs. Doran Kyle of Santa Ana. Mrs. Stiles has appointed Mrs. Lipkin to serve on the National Auxiliary Board of Directors. It promises to be an active chapter as they are already meeting once a month and have prospects for more members at the next meeting.

Also on the good news side! We are getting closer to our goal for our Paraplegic Chair Fund. The Wolverine Auxiliary has sent \$10 and the Minnesota Auxiliary \$15. Thank you. Every bit helps.

589th Citation

On request from a reader, we print the citation of the 589th Field Artillery Battalion which accompanied the award from the French government of the Croix de Guerre with silver-gilt star. This award was published in Department of the Army General Orders 24, par. II-3, 10 December 1947, and the citation reads:

"A remarkable battalion whose brilliant conduct was greatly valued during the battles of Saint Vith and Manhay on 16 to 23 December 1944. Attacked by an enemy operating in force but filled with the desire to conquer at any cost, it remained in position and, with direct and accurate fire, kept the attackers from access to vital communications south of Manhay. Short of food, water and pharmaceutical supplies, the 589th Field Artillery Battalion endured three attacks without flinching, inflicting heavy losses on the enemy and forced him to retire."

* Your editor confesses that this note should have appeared three issues ago. But there's a story connected with the delay. Three years ago, when he started as editor, yours truly occupied a desk in the dining room. Two years ago, the 106th outgrew the dinng room, so we moved everything out of the dinette in our house, and made that over into an office. One month ago, we had obviously outgrown the 5x9 ft. dinette (a desk, two filing cabinets, a bookcase, and a storage cabinet), so we gave the dinette back to the wife, and moved the whole office into a bigger room in the house. John Morse's birth announcement turned up under a filing cabinet in the moving process. Also under the filing cabinet were the following: 1 1948 raffle ticket, which it must be we didn't win; 1 1947 golf score, showing the loss of 55c for 18 holes, and one bus token on a line which went out of business last year.

OUR SALES TALK-

We're almost five years old now, still financially independent, and still publish our magazine and hold our national and local reunions. We have sent free histories to many nexts-of-kin, have built up a Memorial Fund to help pay for the education of the children of those who didn't come back. Through publication of a history and a great deal of other publicity, we believe that, we've at least partially paid the debt we owe our dead. We're a citizen-veteran out-fit, and do not take part in political group action.

If you are one of the fellows who has let his membership lapse, how about renewing it right now!
