## PRESIDENTS MESSAGE

The three days seem to pass so rapidly at the reunions it is hard to realize they are gone. Each year people arrive earlier in the week to renew friendships and to visit. We hope the new members who attended for the first time thoroughly enjoyed the reunion and will make plans to attend in future years.

I would like to thank Dr. Clark and his committee for the enjoyable time we had in Grand Rapids.

The 28th annual reunion is past history and now we are looking forward to next year and our invasion of the Baltimore area where John Loveless graciously volunteered to act as host for 1974.

Several areas have a Dec. 16th dinner. I urge each of you to attend one in your area. As we inevitable grow older and can not travel as freely as 106th er in the past, these local dinners will become more important way for us to continue our friendships.

## 106th CHAPLAIN

**JOHN T. LOVELESS, JR.**

Whether by design or no, the deadline set by the Editor for copy for this issue of THE CUB, August 15, is the same day as that set for the ending of the bombing by the United States against Communist forces in Cambodia. Hopefully, this will be the beginning of a concerted effort by all concerned to cease hostilities and what, in great part, appears to be senseless killings, maimings and destruction.

We, also, are on the eve of the 28th anniversary of V-J Day. Little did I think, nor, I suppose, did millions of

others served our Country in World War II, that the years since then would be filled with wars of great magnitude, revolutions, civil disturbances and war-like incidents almost too numerous to mention.

A friend said to me just a few days ago: "I suppose that at your Reunions you fight the Battle of the Bulge over and over again." To which I replied: "Yes and no."

It seems to me that as time goes on, we tend to minimize the grimmer, more serious and unpleasant events of those days and to emphasize the carefree, less tense and more pleasant experiences.

Perhaps the time is here and now when we should re-think the reasons behind and the causes of wars. We, as vocal citizens in a nation proud of its heritage of free speech, have magnificent opportunities to speak out in our families, in our communities, in our nation so as to learn from discussion with one another what we, individually and together, can do to help bring to fruition peace, just and lasting, and brotherhood among all men and nations. A people so capable of accomplishing such wonders of science, medicine and the production of material things surely should be capable of accomplishing the wonders of peace and brotherhood. Sincere desire and dedication on our part, plus the infinite help from the Almighty, is all that we need.

"Too long have I had my dwelling among those who hate peace. I am for peace; but when I speak, they are for war!" — Psalm 120:6-7

John T. Loveless, Jr.

## BAG LUNCH

(Memorial to Maj. Gen. Alan W. Jones)

1894 - 1969

Middletown, Pa.

13 August 1973

Members of the Association who served at any time with the active division from

its activation at Ft. Jackson S.C. 15 Mar. 1943 to its inactivation at Camp Shanks N.Y. 2 Oct. 1945, are familiar with the work of the Medical officers and corpsmen comprising the Medical units assigned to their respective organizations.

In training and combat they gave dedicated support and most of our wounded and some of our dead passed through their hands. They suffered casualties in combat and some medical units and individuals were captured in the Battle of the Ardennes.

A number of these Medics have been active in the organization and continued growth of the Association. In reviewing the CUBS from the first post war issue of August 1946 to Vol. 29, No. 4 of July-August-September 1973 the following names were noted: David S. Price, Staff Sgt. Co. D 331st Med. Bn. attended the organizational meeting at Camp Lucky Strike, France, September 1945, was elected President of the Assn., served as CUB Editor and Treasurer. Did yeoman work to keep the organization going in its first 5 years. Now Dr. PHD in Albany N.Y.

Lt. Col. M.S. Belzer, Div. Surgeon, attended organizational meeting at Camp Lucky Strike France; a long time member. Now a physician in Minneapolis, Minn.

Major Gaylord Fridline, Regt'l Surgeon 423d Inf. Very active in Assn., until he became ill. He and Mrs. Fridline donated the Division colors to the Association at the same time General and Mrs. Jones donated the National colors. Dr. Fridline passed away some years ago.

Major Gerald Cessna, Bn. Surgeon 81st Engr. Bn. a physician in Pittsburgh, Pa. An early and active member. Was Chairman of the 5th annual Reunion at Pittsburgh in July 1951.

Capt. Michael S. Connelly, Bn. Surg. 589th FA Bn. a member of the Association since its organization and consistent supporter. Is a Surgeon in Sharon, Pa.

Major John E. Ketterer, Division Dental Surgeon. Active since the organization, attended many reunions. Now a dentist in Springfield, Ill.

The Medics of the Association were

brought to mind by certain happenings of the past two years. The 25th annual Reunion was held at Valley Forge Holiday Inn, King of Prussia Pa. 22-24 July 1971. Among the former Medics attending were Dr. George M. Bullard (Med. Det. Divarty) and Dr. James I. Clark (Med. Det. 590th FA Bn) Fennville, Mich. These two Corpsmen, while on active duty were urged by Major Joseph F. Dreier, Divarty Surgeon to attend Medical school after the war, which they did. Major Dreier, who was ill and unable to attend the reunion lived at Bear Creek, Pa. Drs. Bullard and Clark drove up to see him. Mrs. Dreier reported that their visit was a great delight to Major Dreier. He passed away May 13, 1972.

During the Reunion Dr. Bullard was elected Vice President of the Association and Dr. Clark agreed to be Chairman of the 27th Reunion at Grand Rapids, Mich. in July 1973. At the 26th Reunion in Jacksonville, Fla. in July 1972 Dr. Bullard was elected President of the Association. In June 1973 members were shocked to learn that President Bullard suffered a heart attack on 6 June and passed away the same day.

The 27th annual Reunion was held 12-13-14 July 1973 at Mr. President Motor Inn Grand Rapids Michigan. The Co-Chairmen were Dr. Jim Clark and his wife Shirley, assisted by Mr. and Mrs. Richard Jochems Sr. of Grand Rapids (a new member, served with Div. Hq.) and Mr. and Mrs. Jack Bryant. This dynamic group put on a diverse and interesting schedule of events which are covered elsewhere in this issue.

The Memorial service was held on Saturday at 3 p.m. on the grounds of the Veterans Facility in Grand Rapids. The setting was out of doors in a grove of trees, beside a lake, with the Colors and Color Guard provided by a veterans organization. Our Chaplain conducted an impressive service for our departed members with particular mention of our late departed President, George Bullard M.D.

## LETTERS TO EDITOR

Dear John,

Cora and I flew in to the land of lakes on Wednesday to find Jack Schlessler, Jack Bryant, Ed Reilly, and Fred Carter with wives, holding court at the Inn. Some of them had vacationed there all week—and Jack Bryant was getting in a bit of sales work for his company.

That Schlessler—guess you will hear that he was largely responsible for having ten of his battery, Service 591st, at our annual clambake.

Things were well organized by the Clarks (Doc says Shirley did all the work); they were well assisted by Charlotte and Dick Jochems of Gr. Rapids—and time flew as usual. We toured and busged (Grevhound that is) all over, including a nice meal on a beached ship at Saugatuck.

Most of the regulars were there, with the usual sprinkling of welcome new additions. Hope they will return. Saw a couple of fellows for the first time since 1944—Norm Spayd and Bill Lucsav.

And I must be living right. At the Inn I lost my wallet and the air lines lost our bags on the way home. But everything was found and all turned out right.

John gave a fine memorial talk at a site near the V.A. facility and we had a fine banquet program and food. And I received at the hands of Gen. McMahon and the committee a signal honor which I shall cherish from now on. I'm sure others will tell you about it.

To the membership please allow me to say "Lets have another fine year—by backing our new president, our editor and our hard working adjutant.

Best of luck, John.

Sincerely,  
Sherod Collins, COGL

Sherod:

I went to Honolulu, Hawaii and visited the USS Arizona Memorial at Pearl Harbor. It sure is beautiful but very sad to know that some men are still at the oceans bottom. It brings tears and a lump

to the throat, and something everyone should see.

Its one of the great memorials honoring the men who gave their lives for our country.

Peter Stranko

Dear John:

Being a member of the 106 Div. Association since it started, I attended my first convention in Grand Rapids, Mich. My wife and I enjoyed friendship of all the members. We drove to the reunion "with everybody's friend" Clayton Rarick.

I was with the 106th from Fort Jackson to the final days. Served in H Co. 423. A. Co 424, F Co. 424 and C. Co. 423.

Norman Spayd

Dear John:

Many thanks to the hard work and dedication to detail on the part of my wife, Shirley, Char and Dick Jockens. They made it possible for me to enjoy myself along with all who attended the reunion. I think the final seal of approval came when my son, Rick, on the way home volunteered "It sure was a good convention, Dad".

The thing that made the convention for my son was having the opportunity to play table tennis with the champions, but the enjoyable part for the rest of us was the opportunity to meet once again with all those fine people who make up the 106.

George Bullard was the person in the 106 who I knew the best and longest. He will be missed by us all. John Loveless paid him a fitting tribute at the Memorial service.

Mayor Lyman Parks gave us a most appropriate welcome, he emphasized how pleased he was to have us visit Grand Rapids. He complimented us for having developed into such a fine family group from a fighting division.

War is not all a hopeless, lost cause when something as good and enduring

as our 106 association can come out of it. "God Bless us all."

Jim Clark

Dear John:

This weekend, we drove over to Lewisburg, W. Va. and located my platoon sgt. in Cannon Co. 423. His name is William E. Darnell, Box 386 Lewisburg, W. Va. 24901. He is married, has two sons, is on the school board in charge of transportation. He was wounded in the Bulge and spent two years in hospitals. He says he will try to make the convention next year.

Here in Nelsonville, of the three other 106ers, only one remains, John Brooks E Co. 424th, lives at 127 E Columbus St., married and has a large family. He is manager of Brooks Shoe Co. Joe Galvin, who was in 424 Hq. in Communications, died in 1964. His wife and daughter still live in Nelsonville. (He was asst. Postmaster in Nelsonville.) Norman Hall, A rifle Co. 423, died last year. He was married, had a son and daughter and was in the Dry-Cleaning business.

My wife and I and some friends journeyed back to Grand Rapids, Mich., for the Lowell Showboat, we enjoyed the Mr. President Motor Inn and the Great State of Michigan.

## GRAND RAPIDS 1973

When we heard last year that the 106th was going to hold its Convention in Grand Rapids, Michigan in 1973 the hue and the cry went out, "Who ever heard of Grand Rapids and where is it?"

If you attended this year you will never forget Grand Rapids. Doug Coffey keeps referring to Cedar Rapids. He always did get his rapids wrong.

Doc Clarke and his wife, Shirley, certainly made us sit up and take notice of Cedar, oh I mean Grand Rapids. There was activity going on at all times it seemed.

Despite the setback Doc received when he had to not only change the motel but the dates of the Convention, he acted as a true doctor. He performed an operation and came up with a motel that supplied our needs. The fact that Tom Bickford and Dick DeHeer couldn't spend their time at the bar, as it wasn't available, made it possible to see their smiling RED faces at all the functions.

As you went through the production lines of Amway and the Herman Miller furniture factory you learned about just how SOME people work for a living. You also can see why many of our cars go through production lines and then thousands of cars are called back. As soon as a group goes through production all eyes turn away from their work to our pretty gals and I think even the girls on the production line gaped at some of the boys. Not necessarily to flirt or see a good looking retread but to see the shapes and sizes we have all become. Did you ever see so many fat tummies?

How about that Dune buggy ride! Did you see the Nudes? Quite an unusual

experience that we have never had before. Personally, I have never seen a setup like this. First you seem to be so far inland for this sand formation that exists and then in a moment's notice you are in the water, you wonder just how it happened. Being used to the Jersey shore there is nothing like this to be seen and experienced.

For those who went to the gypsum mine it was quite an experience. Nothing like anyone anticipated, I am sure.

Who took care of whom to keep her warm. Some excuse!

Who would believe 11,000 people could be shielded here in case of an air raid. What would poor Flo Bickford do if she really had to go in the mine and stay for a few days.

Now we know where all the hoarding is being done these days. Instead of a gypsum mine, this was indeed a gold mine.

Then the KATWIN. Too bad it couldn't have taken us for a ride. Being permanently berthed it was impossible. The charm of this old boat was something to behold. The nooks and crannies. The bedrooms made up as though it was prepared for a trip down the Mississippi.

The food and service were excellent and I wonder how many realized they were on TV. Only a few of us saw the TV program during the dinner dance. The 106th always manages to grab a few headlines in the papers as well as radio and TV.

Then, just to keep up our reputation we had to push the bus. Is this to always remind us that we were most of us slogging infantrymen and will never stop getting stuck in the mud or have a breakdown so we end up pushing? One of these days we are going to be too old to push. then what happens? Of course we utilized the services of a few husky artillerymen.

Our Memorial Service was also unusual, being held outdoors among the trees on the grounds of the Veteran facility. Though we didn't have music the Star Spangled Banner was never sung better and John Loveless was at his best. This Association can thank its lucky

stars we have such talent to keep us going.

The Board of Directors meetings were really lively with discussions on all subjects.

There was naturally a pall over many things due to the passing so suddenly and recently of our beloved President, George Bullard.

Certainly good to see some of our faithful returning. Judge Gubow and Estelle, Bob Kelly and the Jack Gillespies.

General McMahon, Leo to you, and the ever charming Wilda always help to make a convention a success.

Bruce Matthews' well pointed and distinct facts in telling the group about his Momma, who was sorely missed. This was the first time in my memory that Joe Matthews missed a Reunion. Everyone was pleased to hear Bruce's remarks and we all wish Anna a full recovery and with the next Reunion in Baltimore, I think she'll walk from Raleigh to make it.

Did you notice how many young ones we had this year. Someone was worried about what would happen to our group in the future but like "All State", I would say we are "In Good Hands". We had children and many grandchildren, so move over fellows and make room.

The Kemps have made more Conventions than some of our regulars.

Did anyone notice Dick DeHeer's new limousine. A long way from riding in a jeep. Happy motoring Dick.

Even the "old" folks joined the young ones in the pool. Nice having a big pool all to ourselves and being available until all hours. I saw some few of our members wet in the wee hours of the morning and it wasn't from being in the pool.

We had quite a few new faces. We hope this wasn't a one shot deal and that they return again.

You can talk all you want about the camaraderie in the 106th, but think what the Mansfield's did with Russ Enlow. Russ didn't think he could make Michigan as he had to take care of some ten thousand, yes, (10,000) turkeys before he

could leave, and John Mansfield and his wife came to his ranch two days ahead of the Convention and helped him until all hours of the night so that Russ, Bonnie and David could come. That's esprit de corps.

Walt Bandurak brought his shopping bag full of film and entertained those who had not previously seen our trip pictures. Then he had a special session at 2:00 a.m. in Doug Coffey's room (he had a white wall for a screen). The only hitch was, he was waking people up, using Doug's name, to invite them. Not too good Walt, and Doug said he preferred the deal he made with Lillian.

Y'all notice we still have our deep Southerners supporting us. Sometimes I do wish they would take the marbles out of their mouth.

Once again General McMahan lost control of our drivers and without putting out forward scouts, we proceeded to get lost and go around in circles.

Finally, we always come to the dinner dance. It is a shame we can't have a color photo for the Cub showing you our lovely women in their finest. You would have to go far to get a better picture. Girls, you all looked lovely. Stay as sweet as you are.

Despite his bad shoulder Doug Coffey yielded to Jean Schutte's charm. She said, "Doug, all I need is someone to stand on the floor with me, I'll make all the motions". Doug did just that for a moment, and then he surprised even Jean with his wiggleing.

I think for the first time Sherod Collins was speechless and choked up when he was presented the Order of the Golden Lion by our own COGL and Past President, Leo McMahon.

Notice too, how Sherod enjoyed the re-runs for the photographers, while Wilda was kissing him. How much did you pay all those shutter bugs, Sherod? Cora better watch him now that he is a celebrity. Welcome to the COGL club Sherod.

Next Convention I just must take notes so I can write something coherent and in order and not miss things. Of course,

it is fun to ramble on, then you are now responsible.

See you next year.

## A VISITOR

The Gilder's would like to publicly thank the Bandurak's for giving us the opportunity to have as our house guest Francoise's Delvaux from Belgium. This 20 year old student was a real joy to have around. She spent the first part of her stay with Walt and Lillian Bandurak, who then took her to Elyria, Ohio to some of their relatives the Haddox's. Mr. and Mrs. are both in education as is Francoise's mother so she was able to compare the two countries system and they also introduced her to baseball games; something her country does not have. On August 1st the Haddox's reluctantly brought her out to our home; they also did not want to give her up. We took her on a tour of our city, and if any of you have ever been in North Ridgeville Ohio you know that took 29 seconds with time to spare. We tried to take her to sights we felt she would not have at home—or else we tried to find comparable sights. Bob and I took her to the adult scenes with our children introducing her to the young people entertainment scene—roller skating arena—they have none—the dancing and rest of the entertainment was similar to what she does at home. We took her to the Amish section of Ohio; taking advantage of a 2½ hour tour that explained the sect their customs and beliefs touring a Cheese factory—we wished we could have brought Florian and Dorothy Franke to that; Francoise was very alert asking questions and absorbing it all. As they do not have Morticians with Funeral Homes she requested a tour of one of these; as a good friend is a director he gave her a tour and explanation of the various customs for different parts of the United States on this topic.

The poor girl will probably not fit into her plane seat when she leaves on Friday Aug. 10 they do not have sweet corn—"Corn is for animals" and as you all know this is the season in the States—so all of us hosts really filled her up with it—she never turned it down. Their weather is fairly rainy and not really too warm—so they have no truck gardens—so we introduced her to another friend who raised crops for summer market—all of their produce is imported

she says. We did the typical family affairs—Cook-outs—parties with the grandparents—both of our mothers drive—Francoise could not believe that—her grandmother would not even get into a car—much less go to a movie which the grandmothers had done that afternoon. We ended up our stay with her with a visit to Sea World—she was more than impressed with the seals-whales and etc. as is every body that has ever been there. The Garns—Chuck and Willie live about 30 minutes from the park so we brought our session with Francoise to a close by delivering her to them with Willie presenting us the most delicious meal—that women sure can cook—The garns and their family will amuse her until the end of her stay on Aug. 10, she returns home to study for examinations and returning to University of Leige. As I previously stated this has been one glorious week—we sure did have a ball.

In closing I also would like to extend a big Thank you to the Clarks who gave us the Grand Rapid convention; we all had a fine time and we Ohioians found some new people who had never attended convention before. Hopefully these people will attend the December 16th party at our home and become involved in the association. They will never regret it I am sure.

If we don't see you at Christmas time all will meet in Baltimore.

Sincerely,

## REUNION

Dear 106th Members and Families,

We wish to thank all of you for contributing to the success of the 1973 Convention in Grand Rapids, Michigan. No efforts on the part of a planning committee can make a reunion such as this a success unless the people attending it wish to actively participate and have a

good time. We had a good time and hope you all did, too.

We wish to thank Dick and Char Jochems for all the work they contributed to the planning and staging, and our thanks to Jack and Emily Bryant for their help during the week of the convention. John Loveless deserves everyone's thanks for an impressive Memorial Service.

We regret if the change of dates made it impossible for anyone to attend, and we apologize if it did.

Thank you all,

Jim and Shirley Clark

## ODE TO A PRESIDENT

GEORGE MINTON BULLARD

Born Sampson County, N.C. June 10, 1922, passed away June 7, 1973. He was the son of Thomas Perry and Lula Howard Bullard; a graduate of Elon College, N.C. and the Medical College of Virginia at Richmond.

George Bullard was a faithful member of many organizations and to each one to which he affiliated.

He was a member of the American Medical Association, the North Carolina Medical Society, and the Alamance County Medical Society as well as the American Academy of Family Physicians.

He was active in educational circles, being a member of Alamance County Board of Education, and of the Executive Committee of the Board of Trustees at Elon College.

On a local level, Dr. Bullard was a member of the Kiwanis Club and helped to direct the affairs of the First Savings & Loan of Mebane.

His dedication to his church and to his pastor was limitless and unceasing. At the United Methodist Church of Mebane he was currently Director of Stewardship; Chairman Commission on Worship; member Committee on Nominations and Personnel, Administrative

Board, Executive Committee of Administrative Board, the Church Choir, and filled in as organist.

Music was very much a part of him and his talents were well-known among those around him who knew and loved him. While attending Medical College he worked part time as a church organist. For several years he served as organist for a community choir in its annual presentation of The Messiah. In March 1972 he presented an organ recital at the request of the Mebane Music Club. In addition, he apparently inspired his young son, George, Jr., who plays the piano.

George was a prisoner of war while serving as a medical corpsman with the 590th Field Artillery, 106th Infantry Division, in Belgium during WWII, having unselfishly remained with a group of wounded of both combatants.

Surviving him in addition to his mother, are his devoted wife, Margaret Rawls Bullard, sons Thomas Perry Bullard II and George M. Bullard, Jr.; daughters Susie, Marcella, and Ann; three brothers and three sisters.

The funeral service was conducted at Mebane United Methodist Church on Saturday, June 9th. Officiating ministers were the present pastor, Ralph I. Epps, Sr. and a former pastor, A.P. Hill, Jr., both veterans of World War II.

Attending from the 106th Division Association were Dr. James I. Clark, Sherod and Cora Collins, Bob Howell, and Bill Alexander and daughter Carolyn.

## A GOOD CITIZEN

As the membership is aware, we were saddened to learn that our late president was taken seriously ill on June 5 and although every effort was made by his medical colleagues, passed away on June 7.

It was the privilege of this correspondent to be able to be among those to pay his memory homage in Mebane at that time. It was our impression that almost every resident of the little town was pre-

sent at the church. And in talking with them, there was no doubt that George would be sorely missed in many ways.

George came to our Association in 1969 when first he heard of our projected trip to St. Vith with a group of Golden Lions. As we all know, he had not missed a reunion since and had no intention of missing. He and his family fitted right in, and we all learned to love them. We think he is typical of the spirit and rapport shown throughout our group.

Several members have passed away recently and it is fitting that a portion of this issue of the CUB be dedicated to Dr. Bullard and to those others who have recently gone on to that great Bivouac in the Sky.

In this connection, we commend our Association Chaplain for his written communication to each bereaved family. We also commend and express thanks to Dr. Bullard's pastor the Rev. R.I. Epps for his communications and help in learning more about Dr. Bullard.

The article printed below, published locally in North Carolina and sent to us by Rev. Epps, touches almost every fiber of a person, and we think you will want to digest it. Chaplain Loveless used it in his most recent memorial address at Grand Rapids as tribute not only to its subject but to those others whom we were there to memorialize.

Faithfully,  
S. Collins

## DR. GEORGE M. BULLARD

Dr. George M. Bullard of Mebane showed in all of his varied responsibilities and interest that he accepted a philosophy where people give of themselves to others as they grow in their own appreciation for life and its rewards.

Of all the many ways in which he used his time, there probably would be no more appropriate identity for him than in his dedication to values.

These values, in turn, touched many

people. As a physician serving for 20 years in Mebane and in the organizations representing his profession, he was highly respected and deeply conscious of the physician's role with his patients.

As a member of the Alamance County Board of Education, he also gave much of his spare time in making a valuable contribution to the progress of the system and in trying to remove conflicts which would lead to a reduced opportunity for the child in the classroom. Then, as a trustee at Elon College, his alma mater, he was involved deeply in projects and causes through many years, for his leadership, participation and loyalty always were strong. Elon College gave him his expanded opportunity as a student, as he saw it, and his continuing support represented his lasting appreciation for what it meant to him.

As a musician, he enjoyed good music, with Bach as his favorite. He found much pleasure in playing the organ, whether it would be in his own home, a church, or by himself in the larger Whitley Auditorium on the Elon Campus. With the pride which he also showed in his own family as husband and father, he found beauty and reward in such personal responses which nourished his spirit. Here, again, he reflected his values.

Thus, Dr. Bullard was a citizen who used his compassion, loyalty, deep feeling and dedication to do his part in the many basic programs and services in his adopted Alamance County and the varied interests which he held within its opportunities.

His life did not measure in years the goal which he set for his patients, but in his more limited years he made a lifetime of contributions which long will survive him and will remain a strong influence with those who knew him, respected him and who were made better by him.

## A TRIBUTE

It is always difficult to write about a really great man. Historians have tried

for ages and I think many have failed.

George was a humble young man who was a sort of Horatio Alger specie. When he returned from the Army, a Sergeant in the Medical Division, he was urged by our own Lt. Yamazaki to go to college to become a doctor.

George didn't have the great financial wherewithal that gives a boost to college attendance. George worked his way the hard way, playing the organ picking up a few dollars here and there. He also gave free of his organ playing ability to church.

He went on to become a doctor respected by his community, church and fellow citizens.

George never lost his greatness nor his humbleness.

I shall never forget his staying behind with the wounded, both American and German, and being captured by the enemy. He thought of others, not himself which was a typical trait.

I remember when he called to ask if there was a possibility of his going to Europe with us on our trip in '69. He had never joined the Association and therefore knew little or nothing about us.

As soon as he said, "This is Doctor Bullard." I said, "You mean Sgt. Bullard, the fellow who stayed behind with the wounded." He was utterly surprised that I should remember. He didn't know me from Adam. I worshiped him from afar as he was my Hero. We had few heroes during that sad battle.

Though we ended up in the same prison camps he was in one barracks and I in another, so we really didn't meet all this time.

They say you don't know a person until you have lived with them. Well. I had that extreme reward of living with Doc for two weeks, and it is a two week period that I shall never forget.

Little did I know when I sent him a card from Europe this June saying, "George, I'm having a wonderful time but it is not like our trip together." that George would not be able to read that card.

His death was such a shock to me and I am sure to all who knew him.

His warmth, his high regard for others, his love of family, his devotion and energetic response to the 106th is unmatched.

He will be sorely missed but let us emulate what he stood for and proceed with a tear in our eyes to move onward and upward to show how much he has influenced our lives.

FORSAN ET HAEC OLIM MEMINISSE IUUVABIT.

Doug

## KEEP THE FAITH PREACHER

I shall always cherish this statement! The words are the last ones I heard from Brother George Bullard. He spoke them to me on the Sunday before his death. We had been discussing one particular phase in the life of our church. As our Director of Stewardship, he was especially determined that our church not fail in our financial responsibility. He KNEW we would succeed. I had been a little pessimistic.

As he walked away from my office door he repeated, "*Keep the faith, Preacher.*" I have accepted his words as a message for the WHOLE life of the church, not just the one aspect. It is excellent advice!

My last words to him were, "*Thank you, George!*" This is the message ALL of us who knew him owe him! I cannot recall this man of honor without being prompted to answer, "*Thank you, George!*"

An addition to my prayers for a long time to come will be, "*I thank Thee, dear God, for having allowed me to know this servant of Thine.*"

Living in the Sure Hope,  
Rev. Ralph I. Epps, Jr.

## OUR UNOFFICIAL MEMBERSHIP CHAIRMAN

Lowell, Ind.  
July 22, 1973

Dear John:

I want to take this means of thanking D. Clarke and the rest of the convention committee for the wonderful time we had, I am sure that I can say this for the rest of the Service Battery gang that was there, we all enjoyed every minute of it. I also want to extend my thanks to you for sending the extra registration forms, your help has helped me in getting these Service Battery men out there, we had a good turn out and I was pleased with the way everything went. There were a couple of the fellows that had said that they would be there that did not show, that was there hard luck as they missed a good time.

I was looking over the list of the organizations represented at the reunion in Florida last year and I see that the 424 led with 16 members present, the 591st had 6 members present, this year the 591st had 11 members present, but watch out for next year, I have a list of 44 men I am writing to and most of them live in the East and I have been promised some help in getting some of these members out. Kay and I had a wonderful time and we will see all of you at next years convention.

Sincerely  
Jack Schlessner

P.S. Please send me four extra copies of the next issue of the "CUB" keep what ever is over for future mailing.
