30th MPs

Early in 1942 the division was triangularized and the MP company was reduced to a platoon. The T/O strength of the MP Platoon was four officers and 72 enlisted men.

After intense training the platoon sailed from Boston on February 12, 1944, arriving in Liverpool, England February 22. Following further training and being equipped for combat duty, the platoon crossed the English Channel and landed in Normandy on Omaha Beach.

The Platoon served in the campaign through France, Belgium, Holland and met the Russians at the Elbe River in Germany.

The platoon earned five bat-

tle stars; Normandy, Northern France, Ardenes, Rhineland, and Central Europe. During these battles the platoon had five men killed in action, 17 wounded; members received one silver star, 40 bronze stars, eight oak leaf clusters to the bronze star and the platoon was awarded the Meritorious Unit Plaque.

The platoon annually holds it's reunion on the Labor Day weekend.

See list of Effinghammen that were activated with the 30th MP Platoon in September 1940 on page 7a.
