CO B 120<sup>th</sup> Infantry Newsletter

December 6, 2007

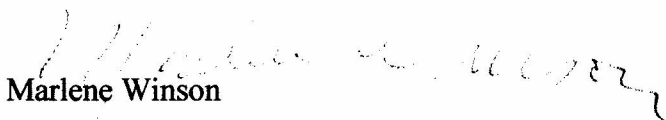

Dear Jim,

Enclosed please find a copy of the roster taken from Captain Pulver's book. I have marked those that I know for sure are deceased. There is one POW. I don't know his rank. There are two combat medics, my husband, Paul E. Winson and William Shelby, who technically are from the 105<sup>th</sup> Medical Bn. I must tell you that the men of CO B do not want these men to be considered anything under than as part of CO B. I don't know about William Shelby but my husband never actually served in combat with any group except Co B 120<sup>th</sup>.

Do you know the story of the Medical Combat badge? When the Infantry received the combat badge (It's a rifle on a blue background) they also got \$10 more in pay. When the different Infantry groups heard this they petitioned for the combat men to receive a badge and the \$!0. My husband received this and it is one of his most cherished possessions. It is an oval silver badge with a caduceus on it. Incidentally I was very disappointed when Ken Burns mentioned the \$10 in his film, "The War" but did not mention this event.

Thanks again for your work!!!!

Sincerely,

  
Marlene Winson
