MAJOR GENERAL LELAND S. HOBBS

GRANT A. SCHLIEKER  
Colonel of Infantry  
United States Army

Twenty-five years of Regular Army service, a varied and intensive Military career, was brought to the 117th Infantry by Colonel Grant A. Schlieker, Infantry, who has been Commanding Officer since August 12, 1942.

Born in East Chicago, Indiana, March 8, 1896, Colonel Schlieker entered the Army in 1917, as a provisional officer, from the First Officers' Training Camp at Fort Benjamin Harrison, Indiana.

He was first assigned to the 46th Infantry, and served with that Regiment during the World War I. Since then he has attended many Military service schools and has established himself as a specialist in tanks and in the development of weapons.

A graduate of Indiana University, Colonel Schlieker has attended and graduated from almost every general and special service school in the Army.

He graduated from the Quartermaster Motor Transport School at Camp Holabird, Maryland, in 1931, and then served a tour of duty with the 65th Infantry in Puerto Rico. In 1926, he graduated from the Tank School at Fort George G. Meade, Maryland, and remained at that station as an instructor in the Tank School until 1929. The French Tank School claimed his services at that time, and he graduated from the advanced course at that school in 1930.

He is no stranger to Fort Benning, as he graduated from the advanced course at the Infantry School in 1932, and then assumed command of Company H, 29th Infantry. He served with the 29th Infantry until May, 1935, when he was ordered to the University of California at Berkley, for duty with the Reserve Officers Training Corps.

Returning to school again in September, 1936, Colonel Schlieker attended the Command and General Staff School at Fort Leavenworth, Kansas, graduating the same year. During the year 1937, he was assigned as Executive Officer of the 3rd Infantry Brigade, 2nd Division, and in 1938, he attended the Army War College, graduating in 1939.

From June, 1939, until June, 1940, he served as Infantry Liaison Officer at the Aberdeen Proving Ground, Maryland, as the Chief of Infantry's representative with the ordnance department.

Until June, 1940, when the office of the Chief of Infantry was disbanded under the Army reorganization plan, Colonel Schlieker was chief of its equipment and development branch. He later became Supply Chief for the Replacement and School Command in Birmingham, Alabama, holding that post until August 12, 1942, when he assumed command of the 117th Infantry.

**September 12 to 13, 1942**—117th Infantry moved to Fort Benning, Georgia, by motor in one column composed of over five hundred vehicles, transporting all organizational property and unit fund property.

**September 17, 1942**—The First Battalion, 117th Infantry, only three duty days after arrival of the Regiment at Fort Benning, Georgia, demonstrated Infantry School Problem Number 477, River Crossing, before an audience of four Officer Candidate Classes, and several Senior Officers of the Post and Infantry School. At that time the detail which built the foot bridge in the demonstration established a new post record for length of time consumed in constructing the three hundred feet of foot bridge across the Chattahoochee River. Later the same bridge crew lowered the old post record of nine and one-half minutes required for construction of the foot bridge by over two minutes and now holds the undisputed post record of seven minutes and twenty seconds.

**September 17-20, 1942**—117th Infantry engaged in the rehearsals of Infantry School problems to be demonstrated later.

**September 20, 1942**—117th Infantry, on this date, only six days after arrival of the Regiment at Fort Benning, Georgia, assumed responsibility for the normal troop requirements of a Demonstration Regiment of the Infantry School Troops Brigade.

**September 20, 1942-January 15, 1943**—The 117th Infantry executed 1980 demonstrations for the Infantry School. Of the ratings on troop performance given by the instructors of the Infantry School 46 per cent has been "Superior," 50 per cent has been "Excellent," 4 per cent has been "good," no percentage has been "Fair," and no percentage has been "Unsatisfactory."
