*22 April 2009*

*Dear Jim :*

*Enclosed are copies of some pages that I have just found in my "junk" while cleaning out some stuff. Who knows what else might be lurking in these boxes in my office !!*

*I have no idea as to where they came from or when, but they look like another mini-goldmine .*

*They have the Name, Rank and ASN of every KIA that we had in the 30<sup>th</sup>. Most all of these names are in the Roster, but the addition of a Rank and ASN will be a big addition. But it means going through the whole roster and matching them up. A long and tedious task.*

*Written in on the right side is the date of death of most of them.*

*Some of the items did not copy well, and the copy that I have is not much better, so you can just omit these items that are not very legible.*

*You can keep this copy for your Source File.*

*Yours in Old Hickory Friendship,*

A handwritten signature in cursive script that reads "Frank".
